After a little silence Otter said, "Thanks." And he looked up at Hound, one brief, questioning, judging glance. "Mr. Cain, if he bothers you, would you want me to have his choke chain yanked?". A pathologically suspicious cop, aware of Junior's acute.; emesis following Naomi's death, might imagine a connection between this epic bout of diarrhea and Victoria's murder, and Vanadium's disappearance. Here was an avenue of speculation that he did not want to encourage.. Maria turned sideways in her chair and dealt from the top of the four-deck stack, onto the table in front of Barty.. Agnes knew now why this prognostication had dismayed rather charmed her: If you dared to believe in the good fortune predicted he cards, then you were obliged to believe in the bad, as well.. To Nolly, Kathleen said, "This is why I married you. To be around talk like this..". Junior knew that he looked as guilty as any man had ever looked this side of the first apple and the perfect garden. The sweating, the spasms of violent tremors, the defensive note that he could not keep out of his voice, the inability to look anyone directly in the eyes for more than a few seconds-all were telltales that none of these professionals would overlook. He desperately needed to get a grip on himself, but he couldn't find a handle.. "It doesn't have to be grand," she said, with a seductive leer, "but if we're going to wait, then the wedding better be soon..". Knacker or Hisscus, or Nork, was talking about an offering, as though Naomi were a goddess to whom they wished to present a penance of gold and jewels.. "I think we could wind up as crazy as he is, if we tried long enough to puzzle out his twisted logic..". Junior had thought the news was the lab report, which had found no ipecac in his spew. All that had been distraction.. Airborne, Phimie complained of ringing in her ears, which might have been related to the flight. She also suffered an episode of double vision and, in the airport after landing, a nosebleed, which appeared to be related to her previous symptoms.. He might suspect, but he couldn't know. He would but would be left with at least a shred of doubt about Junior's.. Gazing into the mirror, which ought to have been clouded with self-pity as though with steam, Junior Cain searched for his anger and found it. This was a black and bitter anger, as poisonous as rattlesnake venom; with little difficulty, his heart was distilling it into purest rage.. Meanwhile, he became an accomplished meditator. Guided by Bob Chicane, Junior progressed from concentrative meditation with seed the mental image of a bowling pin-to meditation without seed. This advanced form is far more difficult, because nothing is visualized, and the purpose is to concentrate on making the mind utterly blank.. "Better hurry," Wally advised, gracing Celestina's other cheek with a dryer kiss.. She could have gone at him with the chair once more, but it was falling apart. Instead, she abandoned furniture for the promise of a firearm, dropped to her knees, and snatched the discarded pistol magazine off the floor.. The moment he had seen the building in which Nolly maintained an office-an aged three-story brick structure in the North Beach district, a seedy strip club occupying the ground floor-Junior knew he'd found the breed of snoop he needed. The detective was at the top of six flights of narrow stairs-no elevator-at the end of a dreary hallway with worn linoleum and with walls mottled by stains of an origin best left unconsidered. The air smelled of cheap disinfectant, stale cigarette smoke, stale beer, and dead hopes.. spades. Friday night, she had ripped the cards in thirds and had been carrying the twelve pieces with her since then, waiting for this quiet Sunday evening.. Seeing her, Joey leaped up front his armchair again. He managed to hold on to his book this time, but he stumbled into the footstool and nearly lost his balance.. He could recall clearly when he had known that he would marry her: during his first year of college, when he'd returned home for the Christmas break. Away at school, he had missed her every day, and the moment that he saw her again, an abiding tension left him, and he felt at peace for the first time in months.. Tom between curiosity and emotional exhaustion, Celestina held his gaze, thinking, and finally she said, "Deal..". When Bartholomew first said "Kay-jub," and held out one hand toward his uncle, Jacob surprised Agnes by crying with happiness.. The stumpy ghost departed the sliding stairs at the second floor and walked off into women's sportswear.. Agnes prepared a dinner to indulge him: hot dogs with cheese, potato chips. Root beer instead of milk... "Don't worry," Celestina told him, "after what we've seen this past week, we're still with you..". "I know you, kid. You can handle anything from here on, whether it's a sold-out show or it's not, whether you're going to be famous or just another nobody..". In his mind, he carried a blueprint of the house more precisely drawn than anything that might have been prepared by an architect. He knew the place to the inch, and he adjusted his pace and all his mental calculations every month to compensate for his steady growth. So many paces from here to there. Every turn and every peculiarity of the floor plan committed indelibly to memory. A journey like this was a complicated mathematical problem, but being a math prodigy, he moved through his home almost as easily as when he had enjoyed sight.. In August, he developed an interest in meditation. He began with concentrative meditation-the form called meditation "with seed"--in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else.. She stepped on a broken-off chair leg, lost her balance, and fell backward into the side of the bed.. At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred.. This brilliant mouthful was not nature's work alone. With what Nolly must have spent to obtain this smile, some fortunate dentist had kept a mistress in jewelry through her most nubile years.. Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd..". THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven

weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad. For a while, Junior profited enormously from Tammy's investment advice, and the sex was great. As a thank-you for the hefty trading commissions she earned-and not incidentally for all the orgasms-Tammy gave him a Rolex. He didn't mind her four cats, didn't even care when the four grew to six, then to eight. At the bed, he spread the garment across his pillow. Lying down, he pressed his face into the sweater. The sweet subtle scent of Naomi was as effective as a lullaby, and soon he dozed off. After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint. TALES FROM. If the nun and the nurse could know the loathing that Celestina had felt earlier, they would never allow her here in the creche, never trust her with this newborn. Only two explanations occurred to him. First, bureaucracies slavishly follow the rules even when the rules make no sense. Second, the Ugliest Private Detective in the World, Nolly Wulfstan, was an incompetent dunce. "By law, adoption records are sealed and so closely guarded that you'd have an easier time acquiring a complete roster of the CIA's deep cover agents worldwide than finding this one baby." Another small pane of glass burst. A dismaying crack of wood. His back to her, the maniac raged at the window with the snarling ferocity of a caged beast. "Fourteen. It's usually the family that's behind an expression of the calling at such a young age, but in my case, I had to argue my folks into it." She kissed his cheek, and he pulled his arms out from under the covers to hug her. Such small arms, but such a fierce hug. Junior didn't believe in gods, devils, Heaven, Hell, life after death. He put his faith in one thing: himself. "Well," Tom said, "those people who think it's just a trick generally react bigger than you folks, and you know it's real." Throughout Agnes's thirty-three years, strength had often been demanded of her, but never such strength as was required now to rein in her emotions and to be a rock for Barty. "Don't be scared, honey. I'm here." She took one of his small hands in both of hers. "I'll be waiting. You'll never be without me." Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke. hands as she had seen surgeons do in movies, and she could almost believe that she was still at home, in bed, in the fevered throes of a terrible dream. Assuming this criticism was amusing hyperbole, Junior laughed, but Sklent squinted those virtually colorless eyes, and Junior's laugh withered in his throat. "Well, maybe that's how it'll work out," he said, wanting to be on Sklent's good side, but he was at once sorry he'd spoken those words in front of witnesses. If Vanadium appeared among these men, Junior would not only puke out the contents of his stomach, but also would disgorge his internal organs, every last one of them, and spew up his bones, too, until he emptied out everything within his skin. After a long time the door opened and several men came in. He could do nothing against them as they gagged him and bound his arms behind him. "Now you won't weave charms nor speak spells, young'un," said a broad, strong man with a furrowed face, "but you can nod your head well enough, right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy. Cinnabar, that's what you're to nod for. The King's wizard says it's still here somewhere about these old mines. And he wants it. So it's best for us that we find it. Now I'll walk you out. It's like I'm the water finder and you're my wand, see? You lead on. And if you want to go this way or that way you dip your head, so. And when you know there's ore underfoot, you stamp on the place, so. Now that's the bargain, right? And if you play fair I will." EACH MOMENTOUS DAY, the work was done in memory of his mother. At Pie Lady Services, always, they sought new recipes and new ways to brighten the corner where they were. From serviceway to alley to serviceway to street, into the city and the fog and the night, Junior ran from the Cain past into the Pinchbeck future. He hadn't heard the cop get out of the chair and cross the dark room. Difficult. Once, he had been a superb driver. For the past decade, his performance behind the wheel depended on his mood. Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him. He capped the bottle, pocketed it, and then kicked the dead man, kicked him again, and spat on him. "Money's no object. I can afford whatever you'd like to charge. And I'd be a diligent student." The customers were in a mood, most of them grumbling about their ailments. Others complained about the dreary weather, the increasing number of kids zooming along sidewalks on these damn new skateboards, the recent tax increases, and the New York Jets paying Joe Namath the kingly sum of \$427,000 a year to play football, which some saw as a sign that the country was money-crazy and going to Hell. Glass in the door next to Agnes cracked, dissolved. Pebbly blacktop like a dragon flank of glistening scales hissed past the broken window, inches from her face. Dr. Daines spoke with Celestina in the corridor, outside the door to 724. Some of the passing nurses were nuns in wimples and full-length habits, drifting like spirits along the hallway. When he held fast to his sanity, common sense eventually told him that the coin must have been left much earlier in the night, soon after he had set out for Victoria's house. In fact, in spite of the new locks, Vanadium must have stopped here on his way to see Victoria, unaware that he would meet his death in her kitchen-and at the hands of the very man he was tormenting. Junior had made a mistake when he smashed the pewter stick into Vanadium's face after the cop was already unconscious. He should have bound the bastard and attempted to revive him for interrogation. She stepped to the bed, bracketing Junior between her and Big Rude. The stream of obscene invective issuing from Sheena made Junior feel as if he had gotten in the way of a septic-tank cleanout hose. A speeding truck passed, stirring the fog, and the white broth churned past the car windows, a disorienting swirl. A dry laugh escaped the detective, but it had none of the warmth of most people's laughter. "You're not bad, Enoch. You're just not as good as you think you are." His apartment, over the large garage, was reached by a set of exterior stairs. The space was divided into two rooms. The first was a combination living room and kitchenette, with a corner dining table seating two. Beyond was a small bedroom with adjoining bath. FOR THE BETTER PART of a week, on doctor's orders, Agnes avoided stairs. She took sponge baths in the ground-floor powder room and slept in the parlor, on a sofa bed, with Barty nearby in a bassinet. If Agnes knew that Jacob had been helping her game, she might never play cards with him again. She would not approve of what he had done. Consequently, his great skill as a card mechanic must be forever his secret. Agnes could not bear to watch Maria sewing. The light no longer stung, but her new future. Fresh from sedative-assisted sleep, which hadn't ended until they were in the taxi between the hospital and the hotel, Angel had proved as fully resilient as only children could be when they still retained their innocence. She didn't understand how seriously Wally had been hurt, of course, but if the attack by Cain had terrorized her while she'd watched it from beneath her mother's bed, she didn't seem in danger of being permanently traumatized. Her belief in fortune-telling and in the curious ritual she was about to undertake weren't condoned by the Church. Mysticism of this sort was, in fact, considered to be a sin, a distraction from faith and a perversion of it. "Bet I could, and sell it, too," she said. "I might not be as good as it as I am at teeth, but I'd be better than some I've read." "Sure. That's how it works with

everything. Everything that can happen does happen, and each different way of happening makes a whole new place." Unable to run, he raised his arms defensively, crossing them in front of his face, though the impact of the coins wasn't painful. Volleys flicked off his fingers, palms, and wrists..His wife, Dorothea, adored him, not least of all because he had taken in her eighty-year-old mother and treated that elderly lady as though she were both a duchess and a saint. He was equally generous to the poor, burying their dead at cost but with utmost dignity..His mother, gently pushing Tom to the prime view point at the head of the stairs, seemed unconcerned about her child's venture into the storm..Celestina had no illusions about playing detective. She would never be able to track down the bastard, and she had no stomach for confronting him.
