**Story Anthology 2 LRF.** That is of your readers can be influenced by mcdougal out of each concept coded in your 21, probably positive results. And this ebook is had to browse detail with detail, it can be perfect for both your own life and you. "Money's no object. I can afford whatever you'd like to charge. And I'd be a diligent student." Besides, even before he had fully turned on his charm, before he had shown her that a ride on the Junior Cain love machine would make other men seem forever inadequate, Renee was so hot for him that it might have been wise to open a bottle of champagne to douse her when spontaneous combustion destroyed her Chanel suit. "I love you, Daddy," she said, and put the palms of her hands flat against his temples. Jacob had become a card mechanic for one purpose. Not because he'd ever be a gambler. Not to wow friends with card tricks. Not because the challenge intrigued him. He wanted to be able to give Agnes winning cards once in a while, if she was losing too frequently or needed to have her spirits lifted. He didn't feed her winning hands often enough to make her suspicious or to make the games less fun for Edom or Joey. He was judicious. The effort he expended—the thousands of hours of practice—was repaid with interest each time Agnes laughed with delight after being dealt a perfect hand. In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink. A pending storm gathered as if called forth by a curse cooked up from eye of newt, toe of frog, wool of bat, and tongue of dog. He raised the window in the kitchen and climbed outside, onto the landing of the fire escape. Feeling like a high-roaming cousin to the Phantom of the Opera, bearing the requisite fearsome scars if not the unrequited love for a soprano, Vanadium descended through the foggy night, down two flights of the switchback iron stairs to the kitchen at Cain's apartment. Her eyes rolled, wild with fear, and seemed not to be focused on anything. The expectation with which Tom had been greeted on his arrival was as thin as the air at Himalayan heights compared to the rich stew of anticipation now afloat. Vanadium nodded. "And I'd like to hear about Cain's reactions in more detail. I've read your reports, of course, and they've been thorough, but necessarily condensed. There'll be lots of subtleties that only reveal themselves in conversation. Often, the apparently insignificant details are the most important to me when I'm devising strategy." More likely than not, Victoria spoke directly to the maniac detective. Even if she reported her sordid fabrications to another officer, it would have gotten back to Vanadium, and the cop would have sought her out at once to hear her filth firsthand, whereupon she would have enhanced her story until it sounded as though Junior had grabbed her knockers and had tried to shove his tongue down her throat. This was a memory, not a real voice. Even after you became an accomplished meditator, the mind resisted this degree of blissful oblivion and tried to sabotage it with aural and visual memories. Behind the dog, Mary walked out of nowhere, ball in hand, and Koko whirled in surprise, and the chase was on again. Sheena Hackachak, at forty-four, was more beautiful than any current movie star. She looked twenty years younger than her true age, and she so resembled her late daughter that Junior felt a rush of erotic nostalgia at the sight of her. "So do I," said the visitor, and Junior almost frowned at this peculiar response, wondering what was meant in addition to what was merely said. They hadn't been close to Naomi, who'd once said she felt like Romulus and Remus, raised by wolves, or like Tarzan if he'd fallen into the hands of nasty gorillas. To Junior, Naomi was Cinderella, sweet and good, and he was the love-struck prince who rescued her. Greed. So easy, taking money from the rubes. Soon, instead of peeling off a little from each game, he sought bigger kills. At the head of the line, Paul waved a red handkerchief out of the window of the station wagon. For a while, Junior half convinced himself that the quarter in his cheeseburger, in December '65, was a meaningless coincidence, unrelated to Vanadium. His short tour of the kitchen, in search of the perpetrator, had given him reason to believe the diner's sanitary standards were inadequate. Recalling the greasy men on that culinary death squad, he knew that he'd been fortunate not to discover a dead rodent spread-eagle on the melted cheese, or an old sock. Although, by unspoken agreement, they avoided any talk of loss and death, the mood remained grim. Angel sat in thoughtful silence, pushing her food around her plate rather than eating it. Her demeanor intrigued Tom, and he noticed that it worried her mother, who put a different interpretation on it than he did. Piano music drifted into the restaurant from the adjacent bar, so soft and yet sprightly that it made the clink of silverware seem like music, too. To prove himself, he read a little of Dickens when she requested it, a passage from *Great Expectations*. Then a passage from Twain. He let go of the girl's chin, and at once she scrunched into the corner of the window seat, as far away from him as she could get. The knowing look in her eye wasn't that of an ordinary child, not that of a child at all. Not his imagination, either. Terror, yes, but also defiance, and this knowing expression, as though she could see right through him, knew things about him that she had no way of knowing. "Get this through your head, you shit-for-brains. I lost a daughter, a precious daughter, my Naomi, the light of my life." Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered. If he had known that he would break his solemn vow twice before the month was ended—and that neither victim, unfortunately, would be a Hackachak—he might not have fallen asleep so easily. And he might not have dreamed of cleverly stealing hundreds of quarters out of Thomas Vanadium's pockets while the baffled detective searched for them in vain. Although Thomas Vanadium was unconscious, perhaps even dead, and though both nailhead-gray eyes were closed, Junior knew those eyes were watching him, watching through the lids. She only half understood their frantic conversation, partly because the ability to concentrate was draining from her along with her lifeblood, but also because she was distracted by Joey. He was no longer in the wreck, but standing at the open rear door of the ambulance. Instead, he was given a small color brochure featuring samples of the artist's work. It also contained the same photograph of her smiling face that graced the window. Outside, he realized he hadn't paid for his juice and waffles. When he turned back to the coffee shop, he saw, through one of the windows, an associate of Salk's picking up the check from his table. A cause now apparent, the fear explained, Agnes held her baby more tightly. So new to the world, he seemed already to be slipping away from her, captured by the whirlpool of a demanding destiny. When Renee realized that this rejection was complete and final, she—he, whatever—was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need." Under the spoon to catch drips, she conveyed the shimmering sliver to Agnes's mouth. In his right hand again, the real gun, loaded with ten hollow-point rounds, felt charged with supernatural power: to Bartholomew as a crucifix to Dracula, as holy water to a demon, as kryptonite to Superman. "I'm saying, for all I know." She took her hand off his thigh. "What's all this about Celestina, anyway?" With the salt and pepper shakers, Tom

walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously..Pity warmed the physician's ascetic face. "You loved your wife very much, didn't you?". "Fourteen. It's usually the family that's behind an expression of the calling at such a young age, but in my case, I had to argue my folks into it.".Yet had the obstacles been piled twice as high, the time had come to put into words what they felt for each other and to decide what they intended to do about it. Celestina knew that in depth and intensity, as well as in the promise of passion, Wally's love for her equaled hers for him; out of respect for her and perhaps because the sweet man doubted his desirability, he tried to conceal the true power of his feelings and actually thought he succeeded, though in fact he was radiant with love. His once-brotherly kisses on the cheek, his touches, his admiring looks were all still chaste but ever more tender with the passage of time; and when he held her hand-as in the gallery this evening-whether as a show of support or simply to keep her safely beside him in a crosswalk on a busy street, dear Wally was overcome by a wistfulness and a longing that Celestina vividly remembered from Junior high school, when thirteen-year-old boys, their gazes filled with purest adoration, would be struck numb and mute by the conflict between yearning and inexperience. On three occasions recently, he seemed on the brink of revealing his feelings, which he would expect to surprise if not shock her, but the moment had never been quite right..Tom Vanadium merely arched one eyebrow, as if to say that more than a single answer ought to be obvious.. "As she comes closer to full term," said Dairies, "she's at great risk of preeclampsia developing into full eclampsia.".She got out of the cab and stood on the sidewalk in front of the gallery, her legs as shaky as those of a newborn colt..Ten months later, Simon called again, also regarding Cain, but this time the attorney was the client, and Cain was the target. What Simon wanted Nolly to do was strange, to say the least, and it could be construed as harassment, but none of it was exactly illegal. And for two years, beginning with the quarter in the cheeseburger, ending with the coin-spitting machines, all of it had been great fun..Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis..Junior must have shouted shut up more than he realized, because the neighbors began to pound on the wall to silence him..Her voice as bright as her bed ensemble, spiritual sister to baby chicks everywhere, yellow Angel raised her head from the pillow and said, "Will you have a wedding?".Somewhere in the world he had a deadly enemy: Bartholomew, who had something to do with babies, a total stranger yet an implacable foe..He was about to lift the body out of the chair when he heard the car in the driveway. He might not have caught the sound of the engine so distinctly and so early if the stereo had not been in the process of changing albums.. "I'm paying," Celestina insisted when they were seated. "I'm now a successful artist, with untold numbers of critics just waiting to savage me.".The birthmarked man identified himself as Detective Thomas Vanadium. He did not use the familiar, diminutive form of his name, as had the doctor, and his voice was as uninflected as his face was flat and homely.. "A ship without an anchor can never be at rest," he answered. "It's at the mercy of the sea."
