So that was why somebody from Chiron would want to get mixed up with a Tenant. Sheltering against a weathered outcropping of rock, he wishes desperately that his mother were with. The stranger's eyes, previously as empty as a sociopath's heart, filled with suspicion. "What're. So how did people

Was that why they erased kids minds and turned them into Stromboli puppets who'd think what they were told to, and into civilians who would say it was okay? But why did the people let them do it? Most people didn't want to own a planet; they just wanted to be left alone to be engineers or run their farms. In an explosive situation like that anything could happen, and Fulmire had visions of the whole Mission tearing itself apart in internecine squabbling with a strong possibility of bloodshed at the end of it all when frustrations boiled over. The way to obtain antimatter, they therefore reasoned, would be to make a small part of the universe look like an antiuniverse so that tweedlespace could be "fooled" into projecting antitweedles instead of tweedles into it.
